97. No petition for any Private Bill shall be received by the House after the first 10 days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session,

- (a) a printed copy of such Bill;
- (b) a copy of the petition to be presented to the House;
- (c) copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of \$300.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first 10 days of the Session, the amount to be paid to the Clerk shall be \$600. If the Bill shall not pass second reading, one-half of the fees shall be returned.

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in *The British Columbia Gazette* and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the clauses of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. APPLICATION FOR PERMIT UNDER
POLLUTION CONTROL ACT, 1967
(Effluent)

THIS APPLICATION is to be filed with the Director, Pollution Control Branch, Parliament Buildings, Victoria, B.C. Any person who qualifies as an objector under section 13 (2) of the *Pollution Control Act, 1967* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or, where service is required, within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit, stating the manner in which he is affected. Those who do not so qualify may file with the Pollution Control Board an objection in writing under section 13 (6), in the same manner and time period as described above.

The Improvement District of Edgewater, of Edgewater, B.C., hereby applies to the Director for a permit to discharge effluent from a facultative lagoon (primary plus secondary cells) located at Edgewater, into the Columbia River, which flows north and discharges into the Pacific Ocean, and gives notice of application to all persons affected.

The land upon which the works are located is portions of Legal Subdivisions 7 and 8 of Lot 353, Parcel 1, Kootenay District (see copy of plan).

The discharge shall be located at existing culvert under CPR railroad tracks; the effluent will be conveyed from the lagoon by buried pipe and will discharge under the low-water level.

The quantity of effluent to be discharged is as follows: Average annual daily discharge (based on operating period) (design population, 800 persons), 215 000 litres (48,000 gallons). Maximum daily discharge, 2 615 000 litres (580,000 gallons).

The operating period during which the effluent will be discharged is twice annually, spring and fall, about two weeks each time, before and after ice conditions.

The characteristics of the effluent discharged shall be equivalent to or better than BOD, L 30 mg/l; suspended solids, L 30 mg/l.

The type of treatment to be applied to the effluent before discharge is secondary equivalent (primary + secondary cell); provision will be made for chlorination facilities between the cells.

I, H. Porter, District Administrator, hereby certify that a copy of this application has been received by the Regional District of East Kootenay.

This application, dated on the 17th day of May 1977, was posted on the ground in accordance with the Pollution Control Regulations.

TO HAVE AND TO HOLD unto the Corporation, its successors, and assigns, forever.

1. And the Corporation covenants with the Grantor:

(a) That, as soon as conveniently may be after the construction or installation of facilities upon the land described in Schedule A hereto, the Corporation will cause to be delivered to the proper Land Registry Office for deposit pursuant to the *Land Registry Act* a plan of Right-of-way defining that part of the land described in Schedule A hereto required by the Corporation for the accommodation of those facilities (which part is hereinafter called the "Right-of-way area"), and immediately after deposit of the said plan of Right-of-

(b) Not to install, erect, construct, or maintain or permit to be installed, erected, constructed, or maintained any building or structure or fixture on any portion of the Right-of-way.

(c) Not to diminish or substantially add to the soil cover over any of the facilities installed in the Right-of-way without the consent in writing of the Corporation, provided that such consent shall not be unreasonably withheld.

(d) That, if at the date hereof, the Grantor is not the sole owner of the land described in Schedule A hereto, this instrument shall nevertheless bind the Grantor to the full extent of his interest therein, and if he shall later acquire a greater interest herein, the provisions hereof shall extend to such after acquired interest.

3. And the parties hereto mutually covenant and agree one with the other as follows:

(a) That the facilities shall at all times hereafter remain the property of the Corporation, its successors, and assigns, notwithstanding that they may be affixed to the land and the facilities or any of them may at any time and from time to time be removed by the Corporation, its successors, and assigns, but the Corporation shall be under no obligation to remove the facilities or any of them from the land.

(b) That the provisions of this instrument shall enure to the benefit of, and be binding upon, the parties hereto and their respective heirs, executors, administrators, successors, and assigns, and wherever the singular or masculine is used herein it shall be construed as if the feminine, plural, or neuter, as the case may be, had been used where the context or the parties so required, and that the rest of the sentence shall be construed as if the grammatical and terminological changes thereby rendered necessary have been made.

(c) That this indenture and all covenants contained herein shall be construed as covenants running with the land, and that the lands covered by the Right-of-way shall be and remain at all times charged with the provisions of this Agreement.

(d) That save as aforesaid nothing in these presents shall be interpreted so as to restrict or prevent the Grantor from using the Right-of-way in any manner which does not interfere with the security or efficient functioning of or unobstructed access to the said facilities.
